**** denotes online ordering**

*Due to Covid-19, NC Governor Roy Cooper announced on Tuesday, March 17 an executive order that closes restaurants and bars for dine-in customers but allows them to **continue takeout and delivery orders.***

We hope that this reference guide makes the ordering process as easy as possible for our residents and visitors.

Many of the restaurants have their menus posted on their websites and / or Facebook page.

Thoughtful points from a reader:

“Read you post FB post regarding supporting our local establishments during this difficult Coronavirus threat. As Susan & I are both considered to be, “at risk,” we have totally stopped going anywhere, except for absolute necessities, namely perishable groceries. But we are even planning to eliminate our trips to Bryson's and Ingles by looking for someone much younger to do our grocery shopping for us. But another way we intend to support our local establishments is to donate money to them as if we continued to patronize them under normal conditions. For example, we used to go to the Blue Bike Café for a weekly lunch after church on Sundays; we are now donating what we would have spent per month to the Blue Bike Café. Also, we stopped taking our dog, Fisher, to Posh Paws for his grooming every 6 weeks. Now, we will be sending Michael & Shay a check every 6 weeks for an amount that would normally cover Fisher's visit to them. We also setup online giving to our church, Highlands United Methodist Church, as our services are now largely virtual. Sure, this may not be much in the grander scheme of things, but it's just our way of following your request and another way to support our local establishments during this difficult time. We are and love our community!
